HOW TO CITE RULES AND RSMO

RULES

The rules are codified in the *Code of State Regulations* in this system–

Title	CSR	Division	Chapter	Rule
3	<i>Code of</i>	10-	4	115
Department	<i>State</i>	Agency	General area	Specific area
	<i>Regulations</i>	division	regulated	regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation; for example, 3 CSR 10-4.115, NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

Code and Register on the Internet

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is sos.mo.gov/adrules/csr/csr

The *Register* address is sos.mo.gov/adrules/moreg/moreg

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the United States Constitutions; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) business days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the Missouri Register as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

PURPOSE: This amendment updates the number of required semester hours from sixty (60) semester hours to thirty-six (36) semester hours of college credit for a substitute certificate.

*EMERGENCY STATEMENT: This emergency amendment is necessary due to schools experiencing and reporting severe staffing challenges. The number of candidates preparing to be teachers has been declining steadily over the past six (6) years, and the pandemic has exacerbated this crisis and created widespread teacher shortage issues. These issues have created an increased need for substitute teachers. As a result, the Department of Elementary and Secondary Education (department) finds a compelling governmental interest, which requires this emergency action. A proposed amendment, which covers the same material, is published in this issue of the **Missouri Register**. The scope of this emergency amendment is limited to the circumstances creating*

*the emergency and complies with the protections extended in the **Missouri and United States Constitutions**. The department believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed August 30, 2022, becomes effective September 14, 2022, and expires March 12, 2023.*

(1) An applicant for a substitute Missouri certificate of license to teach who has successfully completed ~~[sixty (60)]~~ **thirty-six (36)** semester hours or more of college level credit from a regionally-accredited academic degree granting institution recognized by the Department of Elementary and Secondary Education (department), or has a high school diploma, General Education Diploma (GED), or High School Equivalency Test (HiSET), and has successfully completed a minimum of twenty (20) clock hours of department-approved substitute teacher training that includes professionalism, honoring diversity, engaging students, foundational classroom management techniques, basic instructional strategies, supporting students with special needs, and working with at-risk youth may be granted a substitute Missouri certificate of license to teach pursuant to the rules promulgated by the State Board of Education (board).

*AUTHORITY: sections 161.092, 168.011, 168.071, and 168.081, RSMo 2016, and sections 168.021 and 168.036, RSMo Supp. [2021] 2022. This rule previously filed as 5 CSR 80-800.290. Emergency rule filed July 30, 1999, effective Aug. 9, 1999, expired Jan. 26, 2000. Original rule filed July 30, 1999, effective Feb. 29, 2000. For intervening history, please consult the **Code of State Regulations**. A proposed amendment covering this same material is published in this issue of the **Missouri Register**.*

PUBLIC COST: This emergency amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the time that the emergency is effective.

PRIVATE COST: This emergency amendment will not cost private entities more than five hundred dollars (\$500) in the time that the emergency is effective.

The Secretary of State shall publish all executive orders beginning January 1, 2003, pursuant to section 536.035.2, RSMo.

PROCLAMATION

WHEREAS, on May 30, 2022, the General Assembly adjourned pursuant to Article III, Section 20(a) of the Missouri Constitution; and

WHEREAS, agriculture is Missouri's top economic industry by contributing over \$93.7 billion, with over \$55 billion generated from agriculture inputs and \$34 billion in agriculture value-added products; and

WHEREAS, Missouri's agriculture industry employs nearly 460,000 citizens that support many of the state's top agricultural commodities including soybeans, corn, cattle and calves, hogs, and turkeys; and

WHEREAS, the Show-Me State is 2nd in the United States for number of farms with over 95,000 farms covering two-thirds of the state's total land acreage, nearly all of which are family owned and operated; and

WHEREAS, Missouri farmers not only feed Missourians, but also help feed the world by exporting commodities to other countries, providing critical aid while global fuel supply shortages occur surrounding the global Russia-Ukraine crisis; and

WHEREAS, in order to further support and promote agricultural opportunities in Missouri and support Missouri family farms, certainty and longevity are needed for our key agriculture programs to attract additional agricultural investment to Missouri; and

WHEREAS, all Missouri families are impacted by agriculture, and the costs of food, fuel, and other household goods have increased over 8.5% in the past twelve months, adding to the financial strain placed on farmers and families; and

WHEREAS, Missouri has taken a fiscally conservative approach to managing our state finances by balancing our budget every year, all while reducing individual income taxes in 2018, 2019, and 2022; and

WHEREAS, the current individual income tax top rate is 5.3%, and the fiscally disciplined decisions my administration and the General Assembly have made over the last several years have positioned us to provide additional relief to Missouri citizens by further reducing taxes; and

WHEREAS, Missouri families and farmers would greatly benefit from additional tax reductions to help them manage rising national and global prices.

NOW, THEREFORE, on the extraordinary occasion that exists in the State of Missouri:

I, MICHAEL L. PARSON, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution of the State of Missouri, do, by this Proclamation, convene the One Hundred First General Assembly in the First Extraordinary Session of the Second Regular Session; and

JOHN R. ASHCROFT
SECRETARY OF STATE

The text of proposed rules and changes will appear under this heading. A notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This explanation is set out in the PURPOSE section of each rule. A citation of the legal authority to make rules is also required, and appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules that are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close-of-comments date will be used as the beginning day in the ninety- (90-) day count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice, file a new notice of proposed rulemaking, and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

APPENDIX A**Criteria for Local District Career Ladder Plans****REQUIRED ELEMENTS OF THE DISTRICT CAREER LADDER PLAN**

The local district shall develop and submit to the Department of Elementary and Secondary Education (department) a District Career Ladder Plan (DCLP). This plan will provide the organizational basis for the district's career ladder. Development of a career ladder is voluntary for local school districts. When districts establish a career ladder plan, they also must accept the responsibility of raising the local portion of the funding. Teachers who meet the qualifications and responsibilities as established as specific criteria for Stage I, II, and III (section 168.500.2(3), RSMo) for the district career ladder shall have a reasonable expectation of participating on the career ladder.

- I. The DCLP shall contain a statement requiring that all criteria used for awarding payment be directly and obviously related to improvement of programs and services for students as outlined in the District School Improvement Plan, Curriculum Development Plan, Professional Development Plan, Missouri School Improvement Program, or instructional improvement.
- II. The DCLP shall contain three (3) stages and the qualifications for each stage. The annual supplemental pay shall not exceed \$1,500 for Stage I, \$3,000 for Stage II, or \$5,000 for Stage III. The state's payment is contingent upon appropriations for this purpose (section 168.515.1, RSMo). This supplemental pay shall be in addition to that which the teacher would normally be accorded by the district's salary schedule (section 168.505.1, RSMo).
- III. Each career ladder stage shall contain specific qualifications, responsibilities, and volunteer efforts to be completed by the educator prior to payment (section 168.500.2, RSMo). These qualifications shall include:

 - B. A clearly defined level of performance relative to the district's Performance Based Teacher Evaluation process;
 - C. A Career Development Plan to be organized by the teacher. The Career Development Plan shall contain the responsibilities to be completed by the teacher while on the career ladder, and provisions for verifying completion of these responsibilities. Following approval by the district, these plans may be amended for good cause;
 - D. Appropriate certification in subject area for each teacher;
 - E. Full-time regular length contract; and
 - F. The DCLP may contain additional qualifications deemed appropriate by the local board of education to the extent they are consistent with the provisions of sections 168.500 – 168.515, RSMo.
- IV. Each career ladder stage shall contain responsibilities commensurate and adjustable to the compensation offered for that stage that will be completed by the teacher while on the career ladder. These responsibilities shall directly and obviously relate to the improvement of programs and services for students as outlined in the District School Improvement Plan, Curriculum Development Plan, Professional Development Plan, Missouri School Improvement Program, or instructional improvement. Educators shall complete a minimum of fifty (50) clock hours at Stage I, seventy-five (75) clock hours at Stage II, and one hundred (100) clock hours at Stage III in an approved responsibility or volunteer effort. Responsibilities and volunteer efforts shall be detailed in the teacher's Career Development Plan. Such additional responsibilities and volunteer efforts should occur outside of the compensated hours and duties, and include but not be limited to:

- Participating in teacher externships as provided in section 168.025, RSMo;
- Serving as a coach, supervisor, or organizer of any extracurricular activities for which the teacher does not already receive additional compensation;

VI. The DCLP shall contain provisions for assessment of the district's career ladder. Plans will be made for periodic assessment of the district's career ladder under the direction of the local board of education with assistance from administrators, teachers, and patrons. Criteria for assessment shall include, but not be limited to, benefits for schools and students, and teacher interest and participation.

VII. The DCLP shall contain procedures for appealing decisions made regarding approval or denial of application and placement on the career ladder (section 168.500.2(6), RSMo), including the right to substantive and procedural appeals of the local comprehensive, performance-based evaluation process. Procedures shall include, but not necessarily be limited to, the following:

- A. An opportunity to have the decision reviewed by the superintendent of schools; and
- B. An opportunity for the local board of education to review the superintendents decision.

Appeal procedures shall be implemented in a timely fashion. All decisions made with respect to a teacher's application to, and placement on, any stage of the career ladder shall be based on the qualifications for that stage as stated in the DCLP.

VIII. The DCLP shall contain provisions for recognition of teacher mobility from one (1) participating district to another within this state (section 168.500.5, RSMo).

The department will periodically review local district plans and will collect information from local districts regarding the career ladder process. (1) Treatment Philosophy and Guiding Principles. Women and children's CSTAR programs shall demonstrate through policy and practice that women's substance use disorders differ from men's, both in their etiology and the services and supports needed for recovery.

(A) Women and children's CSTAR programs shall ensure –

1. Emotional and physical safety of the women and children served takes precedence over other considerations in the delivery of services;
2. Women-only therapeutic environments are available;
3. Trauma-sensitive services and supports to increase women's access to care, engagement, and retention in treatment are provided or arranged, such as community support, transportation, and child care;
4. Women-specific service needs and topic areas are addressed in treatment and through support services; and
5. Multiple modalities are offered to meet the needs of women such as group and individual counseling, community support, peer support, and opportunities for women to be in treatment with their children.

(B) Staff shall possess the knowledge and expertise to engage women with histories of trauma, recognize the presence of trauma symptoms, understand the role of trauma in the lives of women seeking services, and conduct themselves in ways that are not retraumatizing to those being served. The following trauma-informed principles shall be integrated into the program's service delivery practices:

1. Safety—ensuring physical and emotional safety for individuals and staff;
2. Trustworthiness – maximizing trustworthiness through task clarity, consistency, and maintaining appropriate interpersonal boundaries;
3. Choice – maximizing the experience of developmentally appropriate choice and control;

Women's treatment shall incorporate universal, trauma-informed principles into every service, regardless of whether trauma is disclosed.

**Title 13 – DEPARTMENT OF SOCIAL SERVICES
Division 70 – MO HealthNet Division
Chapter 20 – Pharmacy Program**

PROPOSED RULE

13 CSR 70-20.042 Automatic Refill Programs and Medication Synchronization Programs

PURPOSE: This rule establishes the regulatory basis to prohibit automatic refill of prescriptions by providers for MO HealthNet participants. This rule also establishes policies for Medication Synchronization Programs in the MO HealthNet Pharmacy program.

(1) Definitions.

(A) Automatic Refill Program. Whereby providers automatically refill prescribed medications, devices, and supplies at regular intervals without an explicit request from the participant, or the participant's responsible party, for each refill.

(B) Medication Synchronization Program. Designed to allow a participant to receive all maintenance medications on the same day of the month or quarter. Before refilling any medications, the provider contacts the participant or the participant's responsible party to detect any new, discontinued, or changed medications. The provider only refills those medications requested by the participant or the participant's responsible party and coordinates pickup or delivery. Maintenance medications shall be as defined in 13 CSR 70-20.060.

(2) Automatic Refill Program.

(A) MO HealthNet does not allow automatic refills or automatic shipments of medications, devices, and supplies. MO HealthNet does not pay for any prescription without an explicit request from a participant or the participant's responsible party, such as a caregiver, for each refilling event.

(B) The pharmacy provider shall not contact the participant to initiate a refill unless it is part of a good faith clinical effort to assess the participant's medication regimen including but not limited to the Medication Synchronization Program. The good faith clinical effort contact must be documented and available to the department upon request. The possession, by a provider, of a prescription with remaining refills authorized, does not in itself constitute a request to refill the prescription. Participants and providers cannot waive the explicit refill request requirement and enroll in an automatic refill program.

(C) A nurse or other authorized agent of the facility may

initiate a request for a refill for a participant residing in a skilled nursing facility, group home, or assisted living arrangement.

(D) Any prescription filled without a request from a participant or the participant's responsible party may be subject to recoupment. Any provider who pursues an automatic refill policy may be subject to audit, claim recovery, suspension, or termination of their provider agreement.

(3) Medication Synchronization Program.

(A) The provider shall have written policies and procedures describing the Medication Synchronization Program which shall set forth, at a minimum, how the provider will comply with this section. The provider's written policies and procedures for the medication synchronization program shall be provided to the Department of Social Services upon request. Providers that do not provide the written policies and procedures within three (3) business days of the department's request may be subject to recoupment of any payments made to the provider by MO HealthNet for medications filled through the provider's medication synchronization program.

(B) Before a participant enrolls, and annually thereafter, the provider shall provide a written or electronic notice summarizing the program to the participant or participant's responsible party. Such notice shall include, at a minimum, instructions about how to withdraw a medication from refill through the program or to disenroll entirely from the program. The participant or participant's responsible party shall enroll by written, online, or electronic informed consent to participate in the program for each new medication wherein there is a change in the medication, strength, dosage form, or directions for use. The pharmacy shall keep a copy of the informed consent to enroll on file for three (3) years from the date of dispensing.

(C) Medication Synchronization Programs shall only include maintenance medications and are not allowed to include controlled substances or medications for acute or as-needed treatments. Providers may fill new maintenance medications for less than a full supply for the first fill to synchronize with the participant's maintenance medication fill date if requested by the participant or the participant's responsible party.

(D) Providers with a medication synchronization program must contact the participant or the participant's responsible party before refilling any medication and confirm each medication to be refilled to ensure an accurate medication list. The contact shall be via the telephone, video chat, or in person. The contact shall include a review of all medication(s) to reduce potential therapeutic duplication, fraud, waste, and abuse. Medication Synchronization Programs which generate or contribute to fraud, waste, or abuse will be subject to potential recoupment of claims and potential sanction of the provider. Records of the medication synchronization program contact with the participant or the participant's responsible party must be kept for audit purposes, including the date and time of contact.

(E) Any prescriptions filled without a request from a participant or the participant's responsible party may be subject to recoupment. Any provider who pursues a policy that includes refilling prescriptions on a regular date or any type of cycle fill, without meeting the specifications herein, may be subject to audit, claim recovery, or possible suspension or termination of their provider agreement.

AUTHORITY: sections 208.153, 208.201, and 660.017, RSMo 2016. Original rule filed Aug. 25, 2022.

PUBLIC COST: This proposed rule will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in

the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with the Department of Social Services, Division of Legal Services-Rulemaking, PO Box 1527, Jefferson City, MO 65102-1527, or by email to Rules.Comment@dss.mo.gov. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

[(6)](7) Upon registration and payment in full of all applicable fees, the board shall issue the apprentice funeral director applicant a funeral director apprentice registration. This registration authorizes the apprentice registrant to engage in the practice of funeral directing under the supervision of a Missouri licensed funeral director. The funeral director apprentice registration, or a copy thereof, shall be displayed, at all times, in a conspicuous location accessible to the public at each establishment where the apprentice is working.

[(7)](8) The funeral director apprentice registration authorizes the registrant to engage in the practice of funeral directing only during the period of apprenticeship. Once the apprenticeship is successfully completed as defined in this rule, the funeral director apprentice registration shall become null and void. Any Missouri licensed funeral director who allows a former apprentice who has completed his/her apprenticeship to engage in the practice of funeral directing before that apprentice is fully licensed shall be subject to discipline for misconduct under section 333.121.2, RSMo.

[(8)](9) Each registered funeral director apprentice shall provide to the board, on the application prescribed by the board, the name(s), location(s), and license number(s) of each funeral establishment(s) where they are serving as an apprentice. The funeral director apprenticeship may be served at a funeral establishment licensed by a state, other than Missouri, upon submission of proof to the board that the out-of-state funeral home is licensed for the care and preparation for burial and transportation of human dead in this state or another state which has established standards for admission to practice funeral directing equal to, or more stringent than, the requirement for admission to practice funeral directing in this state. The funeral director apprenticeship shall be served under the supervision of a Missouri licensed funeral director. If the funeral director apprentice changes funeral establishments during the course of the apprenticeship, the apprentice shall notify the board, on the form prescribed by the board, of the name(s), location(s), and funeral establishment(s) license number of the new apprenticeship location within ten (10) business days after the change has been made.

[(9)](10) Successful completion of a funeral director apprenticeship shall consist of the following:

(A) Completed service as an apprentice funeral director for a period consisting of at least twelve (12) consecutive months in a Function C funeral establishment; and

(B) Filing with the board a notarized affidavit(s) signed by the apprentice and his/her supervisor(s) that he/she has arranged for and conducted a minimum of ten (10) funeral ceremonies under the supervision of a Missouri licensed funeral director.

[(10)](11) An apprentice will be eligible to take the funeral director examination after completion of the twelve (12) consecutive month period of apprenticeship.

[(11)](12) An applicant will be deemed to have successfully completed the funeral director examination when a score of seventy-five [percent] (75[%]) or better is achieved on each section. If the applicant fails a section of the examination, the applicant shall be permitted to retake that section of the examination.

[(12)](13) All notifications for the funeral director's examination shall be in writing and received by the board at least

forty-five (45) days prior to the date the candidate plans to sit for the examination.

[(13)](14) A college accredited by a recognized national, state, or regional accrediting body may seek the approval of the State Board of Embalmers and Funeral Directors for a course of study in funeral directing by submitting a description of the program, the college catalog listing the course of study, and evidence that the program has been approved to be offered in that institution by the administration of the college and the Missouri Coordinating Board for Higher Education.

[(14)](15) An applicant shall be exempt from the requirement of successful completion of the Missouri Law examination if the applicant has successfully completed the Missouri Law examination for another Missouri license within the jurisdiction of the board if the current license remains in active status.

[(15)](16) Any funeral director that allows an unlicensed person to make at-need arrangements for the transportation or removal of a dead human body for or on behalf of the funeral director shall supervise the unlicensed person and shall be responsible for the conduct of the unlicensed person. This section shall not be construed to allow any unlicensed person to perform any other act for which a license is required by Chapter 333, RSMo.

[(16)](17) A Missouri licensed funeral director shall be present and personally shall supervise or conduct each funeral ceremony conducted by or from a Missouri licensed funeral establishment. A violation of this section will be considered misconduct in the practice of funeral directing.

[(17)](18) A Missouri licensed funeral director shall be present and personally shall supervise any disinterment, interment, entombment, or cremation as defined in 20 CSR 2120-1.040 conducted by a Missouri licensed funeral establishment. However, nothing in this rule shall be interpreted as requiring the presence of a Missouri licensed funeral director if the person(s) having the right to control the incidents of burial request otherwise. If the disinterment does not require legal notification to the county coroner or medical examiner, a funeral director's presence may not be required. A violation of this section shall be deemed misconduct in the practice of funeral directing.

(A) Once the body has been delivered to a cemetery for the purpose of interment or to a crematory for the purpose of cremation and after any funeral ceremonies have been complete, the Missouri licensed funeral director is not required to stay with the body.

(B) Nothing in this rule shall be interpreted as requiring the Missouri licensed funeral director to leave the cemetery before disposition is complete. Furthermore, nothing in this rule shall be interpreted as relieving the Missouri licensed funeral director of any responsibilities he/she has under his/her contract with the person(s) having the right to control the incidents of burial.

[(18)](19) Any licensed funeral establishment or funeral director that makes arrangements for an unlicensed person to transport dead human bodies within the state of Missouri, or out of this state, is responsible for the conduct of the unlicensed person.

[(19)](20) A funeral director or funeral establishment licensed in another state that enters the state of Missouri solely for the purpose of transporting a dead human body through Missouri to another state, country, or territory shall not be deemed to

be in the practice of funeral directing or required to obtain a license from the board. This regulation does not exempt any person or entity from complying with any applicable statutes or regulations governing the transportation of dead human bodies, including, but not limited to, Chapters 193 and 194, RSMo.

[(20)](21) A Missouri licensed funeral establishment or funeral director shall not allow an unlicensed person to make the following at-need arrangements with the person having the right to control the incidents of disposition:

(A) Arrangements for final disposition, supervision of visitation and memorial ceremony, grave attendance, cremation, entering into a contractual relationship for performance of any other funeral services;

(B) Embalming, cremation, care, or preparation; and

(C) Nothing in this subsection shall be construed to apply to persons exempt from Chapter 333, RSMo.

[(21)](22) The taking of preliminary information by an unlicensed person will not be construed as the making of at-need funeral arrangements under this rule.

[(22)](23) No temporary Missouri funeral director license authorized under section 333.041.7, RSMo, will be issued until the board has been advised as to the location of the Missouri licensed funeral establishment at which the temporary funeral director's license will be used. The holder of the temporary license shall be authorized to only work at the Missouri licensed funeral establishment(s) where the deceased and/or disabled Missouri licensed funeral director was authorized to work. Violation of this rule will be deemed unauthorized practice of funeral directing.

[(23)](24) The business and practice of funeral directing may be conducted only from a fixed place or establishment which has been licensed by the board.

[(24)](25) Limited License.

(A) A person holding a limited license shall only be allowed to work in a funeral establishment that is licensed as a Function B establishment (cremation only). A limited funeral director shall only engage in the activities of funeral directing authorized for a Function B funeral establishment.

(B) Every person desiring a limited license shall provide the following to the board:

1. Proof of being at least eighteen (18) years of age;
2. Proof of possession of a high school diploma or its equivalent;

5. Completed application form as provided by the board;
6. Payment of applicable fees;
7. Payment of any fee charged by the Missouri Highway Patrol for a criminal history background check; and
8. Any other information the board may require.

(C) Every limited licensee shall provide the board with the name, location, and license number of each Function B funeral establishment where he/she is employed.

(D) A limited licensee shall be obligated to comply with all Missouri laws governing funeral directors subject to the limitations imposed by this rule and section 333.042.2, RSMo.

(E) If a limited licensee desires to obtain a full funeral director's license, the licensee shall be required to complete an apprenticeship consisting of at least twelve (12) consecutive months as required by section 333.042.2, RSMo, and accompa-

nying regulations *[OR]* or fulfill the education requirements set forth in section 333.042.3, RSMo. The limited licensee shall also provide to the board proof of successful completion of the remaining sections of the funeral director examination as required by these regulations. The applicant shall be exempt from the requirement of successful completion of the Missouri Law section if the applicant has successfully completed the Missouri Law section within twelve (12) months of the date that the board receives the new application.

[(25)](26) All certificates, registrations, and licenses, or duplicate copies thereof, issued by the State Board of Embalmers and Funeral Directors shall be displayed at all times in a conspicuous location accessible to the public in each office(s) or place(s) of business where they work, for inspection by any duly authorized agent of the board.

[(26)](27) Should an individual desire to obtain a Missouri funeral director's license after his/her license has become void under section 333.081.3, RSMo, the individual shall be required to make new application and pay all applicable fees to the board. No previous apprenticeship, application, or examination will be considered for the new application. However, the board shall accept the successful completion of the National Board Funeral Service Arts or the Missouri Funeral Service Arts, **if applicable**, examination for new application.

[(27)](28) A Missouri licensed funeral director may engage in the practice of funeral directing in the state of Missouri only in Missouri licensed funeral establishments. Each Missouri licensed funeral director shall inform the board in writing, in a timely manner, of each Missouri licensed funeral establishment name(s), location(s), and license number(s) where the Missouri licensed funeral director is engaged in funeral directing.

[(28)](29) A Missouri licensed funeral director has the ongoing obligation to keep the board informed if the licensee has been finally adjudicated or found guilty, or entered a plea of guilty or *nolo contendere*, in a criminal prosecution under the laws of any state or of the United States, whether or not sentence was imposed. This information shall be provided to the board within thirty (30) days of being finally adjudicated or found guilty.

[(29)](30) Person Deemed to be Engaged in the Practice of Funeral Directing.

(A) No person shall be deemed by the board to be engaged in the practice of funeral directing or to be operating a funeral establishment if the person prepares, arranges, or carries out the burial of the dead human body of a member of one's own family or next of kin as provided by section 194.119, RSMo, provided that the activity is not conducted as a business or for business purposes.

(B) The board shall not deem a person to be engaged in the practice of funeral directing or to be operating a funeral establishment if the person prepares, arranges, or carries out the burial of a dead human body pursuant to the religious beliefs, tenets, or practices of a religious group, sect, or organization, provided that the activity is not conducted as a business or for business purposes.

[(30)](31) The rules in this division are declared severable. If any rule, or section of a rule, is held invalid by a court of competent jurisdiction or by the Administrative Hearing Commission, the remaining provisions shall remain in full force and effect unless otherwise determined by a court of competent jurisdiction or by the Administrative Hearing Commission.

Division 140 – Division of Energy
Chapter 2 – Energy Set-Aside Fund**

IN ADDITION

Notification: Applications accepted between October 3, 2022, and June 30, 2023, for Energy Efficiency and Renewable Energy Loan Cycle.

The Missouri Department of Natural Resources' (department) Division of Energy is making available approximately five (5) million dollars in loan financing for qualified energy efficiency and renewable energy projects. Energy-saving investments may include projects such as insulation, lighting systems, heating and cooling systems, combined heat and power, pumps, motors, aerators, renewable energy systems, and other measures that reduce energy use and cost. Recipients repay loans with money saved on energy costs.

Eligible Energy-Using Sectors: Loan funds will be allocated to eligible energy-using sectors as follows:

- Public schools (K-12);
- Public higher education institutions;
- Public and private not-for-profit hospitals; and
- Local governments. Local governments include a county, city, or village (which may include water treatment plants or waste water facilities), local government/public owned airport facilities (municipal, county, regional, and international); or any hospital district as defined in section 206.010, RSMo; or any sewer district as defined in section 249.010, RSMo; or any water supply districts as defined in section 247.010, RSMo; or any ambulance district as defined in section 190.010, RSMo; or any sub-district of a zoological park and museum district as defined in section 184.352, RSMo.

Application Procedures: An application for loan funds may be submitted to the department for the purpose of financing all or a portion of the cost of implementing an energy-saving project.

Each applicant may apply for a loan not to exceed one (1) million dollars. Loan applications will not be considered for less than ten thousand dollars (\$10,000) or with a payback score of

less than six (6) months.

If funds remain after review and priority ranking of applications received by March 1, 2023, the department will consider awarding loans in excess of one (1) million dollars.

Requests for loan financing must be made using the Division of Energy's Energy Loan Program Application Authorization Form, Fuel Use Summary Form, and Energy Conservation Measure Summary Form. Application forms and instructions are available on the department's website: <https://energyloan.mo.gov>.

The Application Authorization Form must be signed and dated by an authorized official. An authorized official is an individual with authority to obligate an eligible applicant to the terms of loan agreement and promissory note to repay loan proceeds.

A paper or electronic copy of the signed original Application Authorization Form and required documents may be submitted to the department's address below.

Applications received after June 30, 2023, will not be considered for a loan award for this FY2023 cycle but may be held for consideration during subsequent application cycles.

The department may request additional information as needed to determine the feasibility of a project, the project's estimated annual energy savings, and financial risks of a loan transaction. Also, an energy conservation measure has the potential of affecting other areas within the facility or system. Applicants must have no outstanding actions for violations of applicable federal, state, or local laws, ordinances, and rules.

Interest Rates: Loan principal plus two and one-half percent (2.50%) interest is to be repaid to the department in semi-annual payments not to exceed a ten- (10-) year repayment period. An administrative fee of one percent (1%) of loan principal will be added to the repayment amount.

Selection Criteria: Recipients of loan financing will be determined on a first-come first-served basis. Applications will be reviewed based on the date all information needed to determine the feasibility of the project is received. ****Note**** Loan applications will be approved or disapproved within ninety (90) days of receipt of a complete application.
